

# FLAGPOLES

Sourced from European manufacturers, our Formenta Flagpoles provide a slick, clean design for strength, form and function.

As the exclusive supplier of over 500 flags and flagpoles for the M2006 Commonwealth Games and countless other events, AFI can project manage the production and install of your flags and flagpoles. Regardless of the volume of your requirements, our experience enables us to provide advice about permits for digging, surveying and traffic management.

## Key Features:

- Marine Grade fiberglass with white Gelcoat finish
- Strongest flagpoles on the market
- Revolving finial - to prevent flags wrapping around flagpole
- No clanging of ropes on poles – unlike metal poles
- Internal halyards & security locks
- Permanent and temporary solutions
- Install services

## SPECIFICATIONS
