

The NEW ReFrame[®] Fabric Wall is a pop-up multi-tasking branding solution guaranteed to attract attention and communicate your brands message easily, with maximum impact!

The pop-up assembly of the ReFrame[®] Fabric Wall takes only a few minutes, with the added ease of the ReFrame[®] fabric skin which simply inserts into the frame. Providing a massive 6m² of branding space for eye-catching graphics, the ReFrame[®] Fabric Wall is also portable and comes complete with a carry bag for effective transport.

Get creative and think about your ROI; the ReFrame[®] Fabric Wall hardware can be used for a variety of campaigns, simply re-print your fabric skin and re-use the hardware for events, promotions, media backdrops and much more!

Key Features:

- Assembled within minutes
- Massive 6m² of branding space
- Re-usable hardware for multiple promotions and events
- Carry bag for easy transport
